The Rants and Raves of a Hypothyroid Patient: Wishes, Concerns and Lessons-Learned (Paperback)

By James M Lowrance

Createspace, United States, 2010. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.As a Thyroid Patient Advocate, I have experienced many of the same struggles my fellow patients go through. In the chapters of this book I share some of the more helpful knowledge I gained as a newly diagnosed thyroid patient, beginning in year-2003, to the present. I also express a few opinions and take a look at some of the controversies that have continued between medical professionals and patient advocates in regard to symptoms, diagnosis and treatments for hypothyroidism. Along the way, you'll find that I added a few rants and raves in regard to these issues but hopefully nothing that might be perceived as disrespectful or offensive to either side of the debates. This book is not intended to be an extensive manual but is intended to contain information most often sought by laypersons on the subjects covered. CONTENTS (Approx. 8,738 words in length): CHAPTER ONE: Those Crazy Thyroid Antibodies: (When the Immune System Goes Haywire!) CHAPTER TWO: What it Feels like to be Hypothyroid: (Sunk in a Pit or Run Over by a Truck) CHAPTER...

Reviews

The best book I actually go through. It can be full of wisdom and knowledge. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Prof. Greg Herzog

Certainly, this is actually the greatest job by any author. It is definitely simplified but excitement inside the 50 percent of the book. I am just easily will get a delight of studying a composed pdf.

-- Lelia Heidenreich
