Reckoning with Risk: Learning to Live with Uncertainty (Paperback)

By Gerd Gigerenzer

Penguin Books Ltd, United Kingdom, 2003. Paperback. Book Condition: New. 196 x 128 mm. Language: English . Brand New Book. Gerd Gigerenzer's *Reckoning with Risk: Learning to Live with Uncertainty* illustrates how we can learn to make sense of statistics and turn ignorance into insight. However much we want certainty in our lives, it feels as if we live in an uncertain and dangerous world. But are we guilty of wildly exaggerating the chances of some unwanted event happening to us? Are we misled by our ignorance of the reality of risk? Far too many of us, argues Gerd Gigerenzer, are hampered by our own innumeracy, while statistics are often presented to us in highly confusing ways. With real world examples, such as the incidence of errors in tests for breast cancer or HIV, or in DNA fingerprinting, and the manipulation of statistics for evidence in court, he shows that our difficulty in thinking about numbers can easily be overcome. Indispensable. The book will change the attentive reader's way of looking at the world. (*Sunday Telegraph*). An important book .the reader is presented with a powerful set of tools for understanding statistics .anyone who wants to...

Reviews

A must buy book if you need to add benefit. It really is simplified but unexpected situations in the 50 percent of your book. Its been developed in an exceptionally straightforward way and it is merely soon after i finished reading through this pdf where in fact transformed me, modify the way i think.

-- **Dalton Mertz**

Basically no words to describe. It is filled with knowledge and wisdom I am just pleased to let you know that this is actually the greatest publication i have read within my individual lifestyle and may be the best publication for at any time.
