*This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).*

This book is a study and analysis of the more than 250 parables in Scripture. This monumental work is not another tramp over the well-raked field of the parables found in the gospels, but a comprehensive survey of the uses of parabolic illustration and instruction in the whole of the Bible, from Genesis to Revelation. Never before has this aspect of truth been combined into one volume.
