Mitchell Lane Publishers, United States, 2015. Hardback. Book Condition: New. 236 x 168 mm. Language: English. Brand New Book. Wyatt Earp is a legend of America's Wild West. Books, movies, and television shows portray him as a fearless lawman who was quick with a gun and able to take down outlaws in one gunfight after another. The truth is that Wyatt Earp rarely had to shoot to keep the Wild West's outlaws under control. Then came the famous Gunfight at the O.K. Corral, and Wyatt became an outlaw himself. What is the truth about Wyatt Earp, and why do people believe the things they do about him? Read this exciting book to find out what is fact and what is fiction about one of America's most notable heroes. The FACT OR FICTION? Series for children in grades 3 through 6 retells famous stories with the intent of discovering how much of the tale is true and how much might have been made up over time. This series challenges children to think about the research they do and to evaluate an author's point of view. This series correlates well with common core standards for grades 4 and 5. The common core asks students to read stories and literature, as well as more complex texts in areas such as science and social studies. Students will be challenged and asked questions that push them to refer back to what they've read. This stresses critical-thinking, problem-solving, and analytical skills that are required for success in college, career, and life.
