Most people would agree that satisfied customers are the best candidates to evolve into loyal customers. However, even if customers are satisfied with the service there is still the possibility that they will switch to competitors if they expect a better service, a better quality or a higher value there. Nevertheless it is certainly that satisfaction is considered as a key factor to build up customer loyalty, because you can have satisfaction without loyalty, but it is difficult to have loyalty without satisfaction. Loyal customers mean a continuous and stable base of customers. Trying to obtain loyalty becomes inevitable for firms. There are many good reasons for this. The acquisition of new customers is expensive and therefore keeping customers loyal allows firms to amortize those costs. Furthermore loyal...
