Violet is happy that her father has come to pick her up after her first day at a new school. But as she races over to meet him, one of the other kids asks, How come your dad is blue and you re not? Violet has never even thought about this before. Her mother is red and her father is blue, so why isn t she red or blue? Why is she violet? Upset and confused, Violet goes to her mother. Using paints, her mother shows her that when you combine red and blue, you get violet! Like many people in the world, Violet is a beautiful mix of colors. But color isn t really that important. After all, it is what s inside us that counts. Tania Stehlik is of Indian and French Canadian descent and takes great pride in her mixed heritage. She lives in Toronto, Ontario.
