Rescuing The Future

By Benedict Freedman

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 324 pages. Dimensions: 9.0in. x 6.0in. x 0.7in. We have heard from politicians, from lawyers, experts in finance, indeed from experts in just about everything. We have not had an analysis from someone trained simply to think. In this powerful insight into todays problems, we have just that. Prof. Benedict Freedman received his Ph. D. in mathematical logic at UCLA. He begins by asking us to listen to Einstein: In the twentieth century everything has changed except our way of thinking. That is key. Much of our thinking, Prof. Freedman claims, was formulated when our brains were in the prehistoric stage of development. Many values engendered then have not been examined since. We use 21st century technology to support 10th century values or possibly 10th century BC values. Traditional values have been and will continue to be inspirational. It is when they are carried to extremes, made absolute and inflexible, that they become tyrannical. Let us remember, however, that we inhabitants of planet Earth made them, and we can moderate, reconcile, and when necessary replace them. How do we do this By creating new values. We...
