Brand New Book ***** Print on Demand *****.The Science of Living - How to Raise Kids With Discipline and Values Table of contents Raising Successful Children Creating Healthy Routines for your kids How to Discipline a Child Effectively How to Discipline a Child According to Age Effective ways to Discipline Children -- That Work! How to Love Your Kids Ways to Bring Out the Best in Your Children Parenting to build character Kids and money Important Values to Teach Children Author Bio RAISING SUCCESSFUL CHILDREN PHRASES such as helicopter parent and tiger mom have made their way into the daily language. But does over-parenting help, or hurt? While parents who are embarrassingly and obviously inappropriate come in for ridicule, many people find themselves drawn to the idea that with just a little more parental elbow grease, they might turn kids with amazing talents and assured futures. The main question of whether there really is anything wrong with a kind of over-parenting lite still remains unanswered. Parental involvement has rich and long history of being studied and researched. Decades of research, many of them by renown clinical and developmental psychologists, have revealed that the optimal parent is one who is responsive and involved; who sets high expectations but still respects his/her kid s autonomy. The authoritative parents tend to hit the sweet spot of the appropriate parental involvement and usually tend to raise kids who perform better academically, socially and psychologically compared to kids whose parents are either more involved and controlling, or less involved and permissive.
