

## Outlines of American Railway Transportation (Classic Reprint) (Paperback)

---

By Ralph H Hess

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Outlines of American Railway Transportation A comprehensive study of transportation would include a survey of the transmission of goods, persons, and ideas by means of all known vehicles of the land, water, and air. The course of study here outlined is confined to an examination of the economic and social aspects of the transportation of goods, persons, and mails upon railways, and with special reference to conditions in the United States. In this study, matters of first importance concern the relation of the railway business to other businesses and to the nation as a social unit. The theory and technique of railway organization and management, especially as regards finances, are treated in certain general aspects as are also some phases of water transportation. Certain principles which are here developed pertaining to public policy in matters of transportation and to the functions and powers of railway corporations are generally significant in the wider field of public utility enterprise. Students should be careful to note And offer for discussion such generalizations as may appear to. apply with...
