0.2in. Australian Military Slang is a window into the rank and file culture of the Australian Army and to some extent the Navy and Air Force. It is an honest, confronting and often humorous look into a culture that most civilians never experience.

Australian military culture has its origins in the traditions of the British military, though over more than a century it has evolved into its own distinct culture. The Australian military has the fundamental values of courage, initiative, respect and comradeship. There is an ethos of courage and toughness built on a foundation of loyalty and fairness. Around the world, the Australian military is respected for its professionalism, integrity, initiative and esprit de corp. Though relative small compared with other countries, the Australian military is known to punch above its weight as the old boxing metaphor goes. Like any military, there is strong hierarchy. Much of the language is concerned with establishing and reinforcing the military hierarchy. It is essential that everyone accepts their place in the hierarchy. There is hazing implied in the language. A fighting...
